Residential on 0.07 Acres

Edgemont, Calgary, Alberta

Nestled on a quiet street in Edgemont, this beautifully designed home blends modern sophistication with family-friendly comfort. The kitchen, renovated under a designer's guidance, boasts custom solid maple cabinetry, pots and pan drawers, and premium stainless-steel appliances (Fridge & Dishwasher 2023). It flows into a dining area with a view of green space and access to a southwest-facing brick patio with a pergola—perfect for summer gatherings. The bright family room features a classic brick wood-burning fireplace, while the main floor also includes a 2-piece powder room and smart built-in storage. Upstairs, you'll find three spacious bedrooms, including a primary with his-and-her closets, plus a well-appointed 4-piece bath. The lower level offers laundry and potential for future development. Outside, enjoy striking curb appeal, a front drive, and space for a future rear garage, along with an insulated shop for projects or storage. Siding onto a green space provides scenic views and a safe play area. Key updates (windows, interior doors, furnace, HW tank, and roof—all in 2013) ensure peace of mind.
